

Limited Warranty

Darley Ventures, LLC (DV) the Owner of **Norton** Air Conditioners Brand warrants this product to be free from defects in factory workmanship and material under normal use and service and will replace any parts that prove to have such defects according to the terms on this warranty. This warranty covers only the equipment described by the Product Model and Serial Number listed on the Warranty Registration Card.

It is important to REGISTER THIS PRODUCT ONLINE (GO TO www.NotonAirConditioners.com AND CLICK "PRODUCT REGISTRATION") regarding the recording Warranty Registration Card, promptly after installation. This will initiate the warranty period and allow DV to contact the end user should it become necessary. In the absence of a recorded Warranty Registration Card, the warranty period will begin upon the unit shipment from DV.

This warranty extends only to the original consumer purchaser and is non-transferable. For this warranty to apply, the product must be installed according to DV's recommendations, manufacturer's instructions/specifications, and in accordance with all local, state, and national codes; and the product must not be relocated from its place of original installation.

Warranty Period

Components	Residential Use	Commercial Use
All Parts	Five years	One year
Compressor	Five years	Five years
Remote Control	One year	One year

DV strongly recommends regular periodic preventative maintenance on this equipment. The person most familiar with the equipment in your HVAC system is a DV dealer or a licensed and experienced technician. The DV dealer or a licensed contractor can ensure your maintenance program meets the conditions of the "DV Warranty", maximize the efficiency of the equipment, and service your unit within the mandated guidelines with regard to unlawful discharge of refrigerants into the atmosphere.

This warranty shall be voided if not installed by an experienced and licensed contractor. This warranty applies only to products installed in the United States.

EXCLUSIONS

This Warranty does not cover any:

1. Shipping, labor, or material charges.
2. Units that are operated in incomplete structures.
3. Residential warranty period applies only on units that are installed in buildings other than owner-occupied residences (residences not occupied by the owner).
4. Damage or repairs required as a consequence of faulty installation or application.
5. Damage or failure of the unit to start due to interruption in electrical service or inadequate electrical service.
6. Damages resulting from transportation, installation, or servicing.
7. Damages resulting from accident, abuse, fire, flood, alteration, or acts of God (tampering, altering, defacing or removing the product serial number will void this warranty).
8. Damages resulting from use of the product in a corrosive condition and atmosphere.
9. Damages resulting from power surges or interruption of electrical service, improper voltage conditions, or other like damages.
10. Cleaning or replacement of filters.
11. Damages resulting from failure to properly and regularly clean the condenser and evaporator coils.
12. Damages resulting from operation with insufficient of air circulation through the DX or condenser coils.
13. Damages resulting from use of components or accessories not approved by DV.
14. Increase in electric consumption cost.
